

The list of preparations that students should know and be able to show during a demonstration of practical skills to the modulo 2 "Splanchnology. CNS and senses. Heart. The vessels and nerves of the head, neck, trunk, limbs "

Mouth

- Vestibule of mouth
- Upper lip
- Lower lip
- The angle of the mouth
- Actually oral cavity
- Palate
- Palate
- Soft palate
- Clear
- Teeth
- The crown of the tooth
- The neck of the tooth
- The root of the tooth
- Cutters
- Fang
- Small molars
- Large molars
- Tongue
- Body language
 - The root of the tongue
 - The back of the tongue
 - Edge of the tongue
- Tongue papillae
 - Zholobuvati tongue papillae
 - Leaf buds of the tongue
- Lingual tonsil
- Mouth cancer
- Sublingual Gland
- Submandibular gland
- Parotid gland
 - The parotid duct
- Tonsils
- Pharynx
 - nasal part of the pharynx
- Throat
 - Pharyngeal tonsil
 - Pharyngeal opening of auditory tube
 - Tube roll
- Oral part of pharynx
- Laryngeal part of pharynx
- Pharynx cavity

Esophagus

- cervical part
- Abdominal part
- Stomach
 - The front wall of the stomach
 - The rear wall of the stomach
 - A large curvature of the stomach
 - Lesser curvature of the stomach
 - Cardiac of Stomach
 - The bottom of the stomach
 - Body of stomach
 - Pyloric part of the stomach
 - Pyloric cave
 - Pyloric canal
 - Gastric mucosa
 - Gastric folds
 - Gastric field
- Small intestine
 - Circular folds of the small intestine
 - Duodenum
 - Large duodenal papilla
 - Duodenal bend
 - Jejunum
 - Ileum
- Colon
 - Tapes colon
 - Ccecum
 - Appendix
 - The ascending colon
 - Right bend of the colon
 - Transverse colon
 - Left bend of the colon
 - Descending colon
 - Sigmoid colon
 - Rectum
- Liver
 - The right lobe of the liver
 - The left lobe of the liver
 - Diaphragm surface
 - Nutroscheva surface
 - Gallbladder fossa
 - Gates liver
 - Groove vena cava
 - The gap venous connection
 - Round ligament of liver
 - The gap round ligament of liver

- Square lobe of the liver
- The caudate lobe of the liver
- Gallbladder
- The bottom of the gallbladder
- Body gallbladder
- The neck of the gallbladder
- Pancreas
- The head of the pancreas
- The body of the pancreas
- The tail of the pancreas
- Peritoneum
- Mesentery small intestine
- Mesentery appendix
- Mesentery sigmoid colon
- Nose
- The root of the nose

Nasal cavity

- Nostrils
- Joan
- Nasal septum
- The upper nostril
- Average nostril
- Lower nostril
- Joint nostril
- Paranasal sinuses
- Wedge sinus
- Frontal sinus
- Olfactory part
- Respiratory part
- Larynx
- Larynx (on the body)
- Thyroid cartilage
- Epiglottis
- Laryngeal cavity
- The entrance to the larynx
- Glottis

Trachea

- Cervical part
- Decemder of
- The division of the trachea
- Tracheal cartilage
- Loop (tracheal) connections
- Webbed wall
- Bronchs
- The right main bronchus
- The left main bronchus
- Lights

- Right lung
- The left lung
- Base lungs
- Gates lungs
- Root of lung
- Upper lobe (left, right)
- Middle lobe of right lung
- Lower lobe (left, right)
- Pleura
 - Parietal pleura
 - The dome of the pleura
 - Rib part
 - Part of the mediastinum
 - Diaphragm part
- Kidneys (right, left)
 - Kidney gate
 - Renal sinus
 - The front surface
 - The rear surface
 - The upper end (pole)
 - The lower end (pole)
 - Kidney cortex
 - Medulla Kidney
 - Renal Pyramids
 - Renal papillae
 - Renal poles
 - Renal pelvis
 - Great renal calyx
 - Small renal calyx
- The ureter (right, left)
 - Abdominal part
 - Pelvic part
 - The top of the bubble
 - Body bladder
 - The bottom of the bladder
 - Bladder neck
 - Triangle bladder
 - Eye ureter
 - The internal urethral orifice
- Thyroid gland
 - Share thyroid
 - Thyroid isthmus
- Testicle
 - The protein shell
 - Mediastinum testis
 - Slices testicles
 - Testicular parenchyma

- Spermatic cord
- Parts
- Ejaculatory duct
- Seminal puihrets
- Prostate
- Base prostate
- The top of the prostate
- The front surface
- The rear surface
- Isthmus prostate
- Penis
- The root of the penis
- The body of penis
- The back of the penis
- The head of the penis
- Penile corpus cavernosum penis
- Spongy body of the penis
- Male urethra
- External urethral orifice
- Ovary
- Medial surface
- Side surfaces
- Tube end
- Uterine end
- Uterus
- The front surface
- The rear surface
- The body of the uterus
- The bottom of the uterus
- Cervix
- The cavity of the uterus
- Uterine tube
- Uterine part
- Vagina
- Vaginal vault
- The front wall of the vagina
- The back wall of the vagina
- The external female genital organs
- Pubic increase
- A large pudendal lip
- Pudendal cleft
- A small pudendal lip
- Vulval vestibule
- The opening of the vagina
- Clitoris
- Women urethra
- Perineum

- Bulbs, spongy muscle
- Deep transverse perineal muscle
- External anus muscle latches
- Gland (right, left)
- Pituitary
- The pineal gland
- The bone marrow
- Spleen
- Gates spleen
- Palatine tonsils
- Appendix
- Spinal cord
- Cervical thickening
- lumbosacral thickening
- Brainstorming cone
- The final thread
- Anterior median fissure
- Posterior median sulcus
- Spinal cord
- Front cord
 - Lateral cord
 - Rear cord
- The central channel
- Gray Matter
- Front horn
- The back horn
- White matter
- Brain
- Brainstem
- Medulla oblongata
- Bridge
- The average brain
- Medulla oblongata
- Pyramid medulla
- Crossroads pyramids
- Oliva
- Bridge
- The main groove
- Middle cerebellar leg
- Upper cerebellar leg
- Upper cerebral sail
- Fourth ventricle
- Rhomboid fossa
- Midbrain
- Roof midbrain
- Plate roof
- The upper mound

- Lower hill
 - Plumbing brain
 - Brain stem
 - Cerebellum
 - Cerebellar hemisphere
 - Intermediate brain
 - Thalamus
 - Epitalamus
 - Metatalamus
 - Hypothalamus
 - Visual intersections
 - The visual route from
 - Gray hump
 - Funnel
 - Papillary body
 - The third ventricle
 - Walls
 - Longitudinal slit of the brain
 - Side hole of the brain
 - Frontal lobe
 - The parietal lobe
 - The temporal lobe
 - Occipital lobe
 - Islet
 - The central sulcus
 - Lateral groove
 - Frontal lobe
 - Frontal pole
 - The parietal lobe
 - Upper parietal lobule
 - The angular gyrus
 - The temporal lobe
 - The superior temporal sulcus
 - Lower temporal sulcus
 - Superior temporal gyrus
 - Middle temporal gyrus
 - Lower temporal gyrus
- Medial and inferior surface of the cerebral hemisphere
- Groove corpus callosum
 - Groove belt
 - Cingulate
 - Medial occipital-temporal gyrus
 - Occipital-temporal sulcus
 - Lateral occipital-temporal gyrus
 - Corpus callosum
 - Transparent wall
 - Vaults

- Olfactory bulb
- Olfactory way
- Olfactory Triangle
- Front permeated substance
- The main core
- Striatum
- The caudate nucleus
- Fence
- The lateral ventricles
- The central part of the lateral ventricle
- Anterior (frontal) horn of the lateral ventricle
- Lower (temporal) horn of the lateral ventricle
- Internal capsule cerebrum
- Spinal dura mater
- Dura mater of the brain
- Hammer of the brain
- Tent cerebellum
- Sinuses dura mater
- Upper boom sinus
- Lower boom sinus
- Straight sinus
- Occipital sinus
- Transverse sinus
- Stick sinuses
- Sigmoid sinus
- Cavernous sinus
- Eyeball
- Fibrous membrane of the eyeball
- Sclera
- Cornea
- Uvea
- Actually choroid
- Ciliary body
- Iris
- Pupil
- Retina
- Additional structures of the eye
- Eyebrows
- The upper eyelid
- Lower eyelid
- Connective membrane (conjunctiva)
- External ear
- Ear lobe
- The external ear canal
- The inner ear
